

Building a better future for all

**A New Entrant in Greece,
aiming at bringing
Sustainable and
Innovative Solutions to
Communities**

Yves Rannou, CEO
Ventec Energy Greece

The Company

Proven track record in bringing successful clean energy solutions to communities within Europe since 2014.

Expertise in bringing together nature, communities and innovation for taking up the challenges of tomorrow.

Know-how of wind farm development and of other green solutions.

Effectual team building and powerful collaboration with all parties involved.

Joining forces and sharing the same goal: Building a better future for all.

Our Purpose

Freeing up the power of nature for bringing innovative and sustainable solutions to communities in a Zero-Carbon framework
